Cables Connectors, Girder Clips, Saddle,  
Copper Bonded Earth Rod & Accessories**

## Cable Connectors

### Single & Twin Screw

Accommodates 2 x 6 sq. mm cables.

AE cable connectors are now more flexible and therefore easier on your fingers and easier to fit into tight J-Boxes. Safety has also been enhanced in the form of a larger insulation cover that shrouds the conductors and cable insulation. The 5mm fl at blade access to the terminal screws lets you feel exactly when the terminals are at the correct tension.
